Thanks to compassionate people, we were able to help animals from the Bezprytulnyi Svit Animal Protection and Rehabilitation Center, the Shans Animal Protection League, and Vita Levi's shelter.

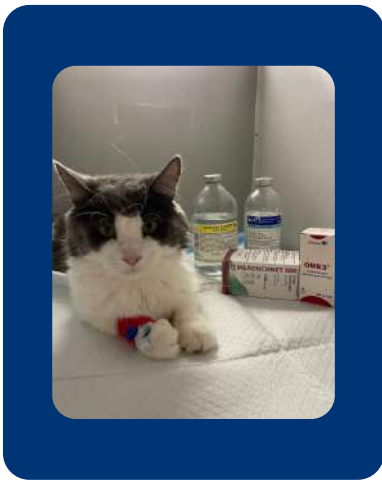

Location of shelters for the map:

Finding families for animals from shelters is not easy, and it is even more difficult to adopt cats and dogs with chronic illnesses or disabilities. Usually, such animals stay in shelters for the rest of their lives. We decided to make this life more comfortable and pain-free.

For the money we raised, we bought diapers, special food, flea, tick, and parasite treatments, anti-inflammatory drugs, antibiotics, Ringer's solution, and GI medications. Now cats and dogs will feel better!

This is Hena, a dog from Bezprytulnyi Svit. Hena was evacuated from the war zone.

Hena suffers from post-traumatic stress disorder and has an injured front paw and head.

Thanks to the support of active people, we were able to provide care for him and other animals. We thank everyone who contributed to the fundraiser!
