

# Report on Fundraiser for Equipment for Veterinary Rooms in Shelters

UAH 240,906  
(≈\$5,736)  
raised

**1,056 donors** supported the fundraiser.

2,002  
animals  
received  
our help

We purchased the equipment for the amount of **UAH 240,718 (≈\$5,731)** for **8 shelters** that take in evacuated animals.

The remaining **UAH 188 (≈\$4,48)** was transferred to the fundraiser for assistance to injured and critically ill animals affected by the war.

The shelter of the public organization Animal House Rescue is located in a small village of Kustolovi Kushchi in the Poltava region. There are no veterinary clinics nearby, the closest one is in Poltava. The shelter workers have learned to independently provide first aid to injured and sick animals, stabilize their condition, and treat them.

The situation is not unique to this shelter, so UAnimals helped to equip veterinary rooms in eight shelters that rescue evacuated animals. In this report, we share which shelters we supported and how.

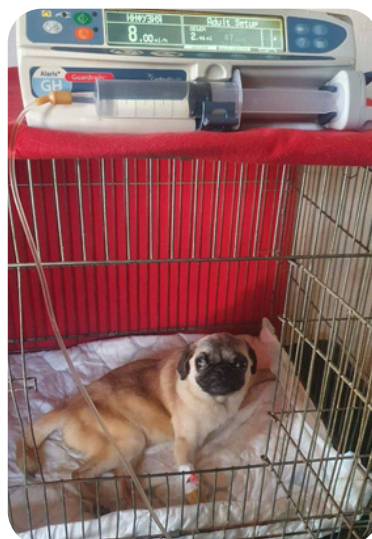

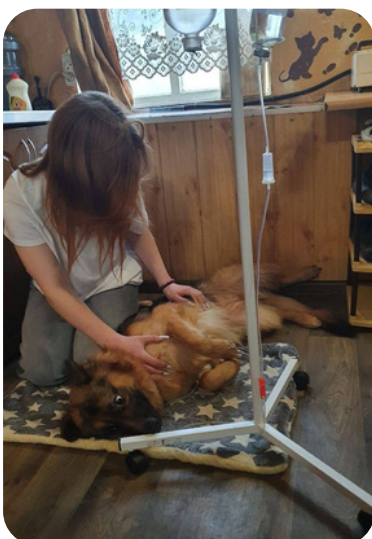

1) The following items for the amount of **UAH 59,636 (≈\$1,420)** were purchased for Kotokhata shelter in the Kyiv region:

- \* two infusion pumps — medical devices for intravenous administration of drugs and fluids with precisely controlled speed, volume, and dosage;
- \* a surgical diathermocoagulator — a device that simultaneously cuts soft tissue and stops bleeding.

2) We purchased the following items for the amount of **UAH 12,298 (≈\$292)** for the shelter of the public organization Animal House Rescue:

- \* two heating pads for animals;
- \* an IV stand.
- \* an infusion pump;

3) We purchased a veterinary table for the amount of **UAH 21,000 (~\$500)** for Konotop Animal Protection Organization Animals' Friends.

4) The same table was purchased for **UAH 21,000 (~\$500)** for the shelter of the organization Ekozahust Starkon in the Khmelnytskyi region.

5) We previously purchased [a quarantine module](#) for the shelter of the public organization Save the Lives in Khmelnytskyi. Now, we have equipped it for the amount of **UAH 11,694 (~\$278)** with:

- \* a disinfection lamp with ozone;
- \* a veterinary examination table;
- \* a vaccine refrigerator;
- \* an IV stand.

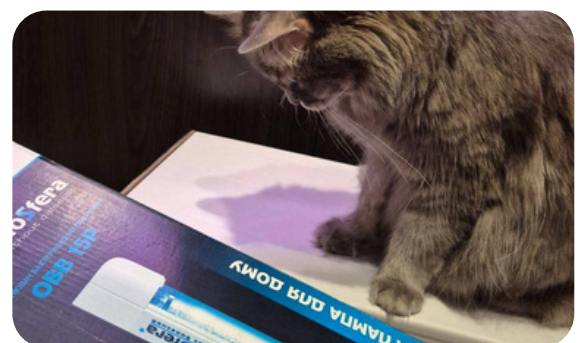

6) The shelter of the charitable organization Myrnohrad Animals was evacuated from the Donetsk region to the Kyiv region. It is now settling in a new location, and we are helping with this. So, we purchased the following items for them for the amount of **UAH 58,812 (~\$1,400)**:

- \* a disinfection lamp with ozone;
- \* a veterinary table;
- \* a vaccine refrigerator;
- \* an IV stand;
- \* an infusion pump;
- \* two heating pads for animals;
- \* a sterilizer for medical instruments.

7) We purchased the following items for the amount of **UAH 25,114 (~\$598)** for the shelter of Charitable Foundation Phoenix of Ukraine in the Kyiv region:

- \* an IV stand;
- \* two disinfection lamps with ozone;
- \* a rack for storing medicines;
- \* six boxes for storing medicines;
- \* a vaccine refrigerator;
- \* scales for animals;
- \* an infusion pump;
- \* a Wood's lamp — a device for diagnosing fungal skin diseases in animals.

8) We planned to help only seven shelters, but thanks to the support of caring people, we were able to raise more than we had set as our goal. Therefore, we purchased the following items for the amount of **UAH 31,164 (~\$742)** for Forsaken Angel shelter in Khmelnytskyi:

- \* a cabinet for storing medicines;
- \* a veterinary table;
- \* an infusion pump;
- \* an IV stand;
- \* a heating pad for animals;
- \* a disinfection lamp with ozone.

**Thanks to everyone who joined the fundraiser and cares for animals!**
