Stray animals have the hardest time in winter. In search of warm shelter, cats and dogs gather in abandoned houses, unfinished buildings, and basements.

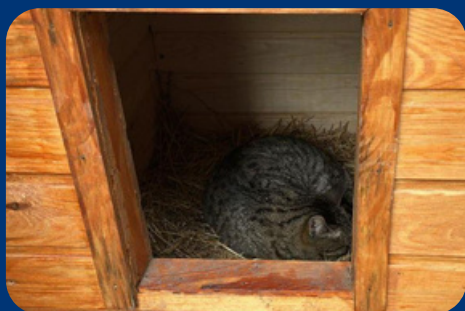

Due to the war, the number of street animals is increasing, and shelters are already overcrowded. However, caring volunteers are looking for ways to take care of everyone who needs help. We supported them and opened a fundraiser for dog and cat huts for strays.

The money raised was used to purchase:

10 dog huts and 3 cat huts in the Mykolaiv region, 2 cat and dog huts in the Kherson region, 2 dog huts in Zaporizhzhia, 5 cat huts and 7 dog huts in the Kharkiv region, 3 cat huts and 6 dog huts in the Donetsk region.
