our help

We spent **UAH 327,894 (≈\$7,901)**. The remaining **UAH 120.92 (≈\$3)** will be put towards the next fundraiser for help

We could hardly wait for the photos from the shelter to share this good news with you! So get comfortable and take a look at what we've managed to do together with your support.

We donated **UAH 320,000 (≈\$7,711)** to Animal Rescue Home shelter to purchase and deliver a mobile veterinary unit. The shelter's residents have already thoroughly explored it from the doorstep to every last corner

The trailer measures 6 × 3 meters. It's a warm and well-lit space, divided into two areas — an examination room and a hospital ward. The veterinary unit is already fully equipped inside: an examination table, a treatment area, animal cages, a refrigerator for medications and vaccines, storage cabinets, necessary medications, and supplies. There is water, lighting, and everything needed to examine, provide care, and give the animal time to recover in a safe environment daily.

With the remaining funds from the fundraiser, we purchased the essential equipment and medications for animal treatment:

- a bactericidal recirculator — **UAH 3,195 (≈\$77)**;
- a bactericidal irradiator — **UAH 1,099 (≈\$26)**;
- 11 vials of amoxicillin, which is an antibiotic used to treat bacterial infections in animals — **UAH 1,980 (≈\$48)**;
- 10 vials of Vitazal, which is a complex of vitamins and amino acids used to help animals recover — **UAH 1,620 (≈\$39)**.

The total cost of these purchases was **UAH 7,894 (≈\$190)**.

Thank you to everyone who helps animals together with us.
We keep going and invite you to join us:
