raised

2 114 donors supported the fundraiser

3 380
animals received
our help

We spent **UAH 533 654 (≈\$12,890)**. The remaining **UAH 32.40 (≈\$0.7)** – will be put towards the next fundraiser

At last no one's biting my butt!

Thanks to you, parasites won't bother the animals anymore. That means the animals will get sick less often, they'll feel better, and have a greater chance of living a normal life free from pain.

Thanks to your donations, we were able to help 3,380 cats, dogs, ferrets, a weasel, otters, and a pine marten cared for by officially registered shelters and organizations. They submitted help requests through our chatbot, and we purchased the necessary medications and delivered them to the animals.
